REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not suggest the unexpected results from using a combination of two claimed molecular sieves in the claimed process. The use of an MCM-22/mordenite mixture or an MCM-22/zeolite beta mixture provides an unexpected synergistic effect on the production of by-products as shown in Table 1 of the specification. While evidence of unexpected results is not provided for catalysts mixtures containing MCM-36, MCM-49, and MCM-56, as argued in the response filed on June 11, 2002, these molecular sieves are chemically and physically similar to MCM-22. Therefore, mixtures containing these molecular sieves would also be expected to provide similar results as MCM-22 mixtures.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Oath/Declaration

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because it does not identify the citizenship of each inventor.

The citizenship for Inventor Brown is not identified.

Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth above. The substitute oath or declaration must be filed within the **THREE MONTH** shortened statutory period set for reply in the "Notice of Allowability" (PTO-37). Extensions of time may **NOT** be obtained under the provisions of 37 CFR 1.136. Failure to timely file the substitute declaration (or oath) will result in **ABANDONMENT** of the application. The transmittal letter accompanying the declaration (or oath) should indicate the date of the "Notice of Allowance" (PTOL-85) and the application number in the upper right hand corner.
